

ScriptChek®

A Breakthrough Design in Prescription Vials

Introducing ScriptChek® Prescription Vial

ScriptChek® Patent Pending Prescription Vial offers you greater label surface area with three flat sides for patient writing interactions along with ScriptStrip™ raised area for guaranteed easy & straight label application.

Available in a clear Amber vial with either a matching clear Amber base, custom color or our ScriptClear™ base for easy product visibility. ScriptChek® Vials meet USP "light and tight" standards and are available with child-resistant or non child-resistant caps. One cap size accommodates 3 sizes of vials. Child-Resistant caps meet CPSC Child-Resistant and Senior Use Requirements.
